

Instructions for Getting Text book and Lab Manual

You need to buy two books for the class. They can be hardcopy or eText. With each book you will need access to online material, WileyPLUS Next Generation.

The prices and links to purchase online are listed below. Net is the online price, list is the bookstore price, and + text is the hardcopy price. An eText comes whether or not you purchase the hardcopy option.

Given that the bookstore prices are higher, I recommend using the links below to purchase online, directly from Wiley.

1. Course name: Tortora, Principles of Human Anatomy, 14e, Williams, Fall 2018

Course section(s):

- WileyPLUS Next Generation: \$100 net, \$128.95 list, 9781119494652
